

Thank you for your life-changing donation.

Dear Allan,

Thank you for your generous donation in helping WA sick children like Maddie get well and stay well.

Diagnosed with cystic fibrosis (CF) at birth, Maddie had to be transferred to Perth Children's Hospital and undergo emergency surgery to unblock her intestines – a common complication for children with CF. At just three years old, Maddie's current treatment regime includes over a dozen vitamins and medicines as well as daily physiotherapy.

Maddie will face challenges as she gets older but with thanks to generous donors like you, Maddie and her parents have hope for a longer and healthier life.

Your support really is changing lives and we are extremely grateful for your donation.
